U.S. NAVAL BASE HOSP. No. 10
NAVY 135

Today, U.S. Naval Base Hospital No. 10 celebrates the second anniversary of the arrival of this hospital unit in Australia. A large majority of the personnel attached to this unit will undoubtedly be transferred to the United States in the near future, as they have served their regular tour of duty.

For the remaining personnel, let us hope and pray that before another year has elapsed we may witness a successful termination of this war in the Pacific, so that we may all return to our homes and loved ones.

G. P. SHIELDS
Captain (MC), USN
Medical Officer in Command

Comdr. F. C. HARRIS (MC), USN, Executive Officer.
